

My name is Ron Straugh and I live in Visalia Ca. I listen to K-LOVE all the time along with my wife and many friends. I don't believe you should change the service. Many people all over the world listen to K-LOVE and many lives have been changed because of this station. We are paying for this station and we should have a right to listen to christian music. We are losing so many freedoms in this country and as christians we have rights too. Just look at this last election. Christians are a very important part of america. Our founding fathers died for their beliefs. So I ask you not to take K-LOVE off the air. Thank you and God Bless. Ron
